If auditing an account, the inventory will be brought to you. An IDS team member will remain with you during the process. Once you have completed your review, your inventory will be removed and resealed for placement back in the storage location for your account. If you are dropping off or picking up inventory, it will be counted and you will be given a receipt. Large drops offs may be handled in the secure ramp of the building. Upon completion, you will be escorted out of the building. For security purposes, tours of the facility are not permitted.

We ask that you limit your time to 30 minutes so that we may accommodate others. Times exceeding 30 minutes may incur a fee. **Please note missed appointments will incur a fee of \$100.**
